Utility Trailers Sales Co. and Aluminum, Brick and Glass Workers International Union, AFL-CIO-CLC, Petitioner. Case 31-RC-5547

31 May 1984

DECISION AND CERTIFICATION OF REPRESENTATIVE

By Chairman Dotson and Members Zimmerman and Dennis

The National Labor Relations Board, by a three-member panel, has considered objections to an election held 31 August 1983 and the Regional Director's report recommending disposition of them. The election was conducted pursuant to a Stipulated Election Agreement. The tally of ballots shows nine for and five against the Petitioner, with two challenged ballots, an insufficient number to affect the results.

The Board has reviewed the record in light of the exceptions and brief, has adopted the Regional Director's findings and recommendations, and finds that a certification of representative should be issued.

CERTIFICATION OF REPRESENTATIVE

IT IS CERTIFIED that a majority of the valid ballots have been cast for Aluminum, Brick and Glass Workers International Union, AFL-CIO-CLC, and that it is the exclusive collective-bargaining representative of the employees in the following unit:

All shop mechanics, painters and parts persons employed by the Employer at its facility located at 15567 Valley Boulevard, Fontana, California; excluding all office clerical employees, professional employees, guards and supervisors as defined in the Act.

CHAIRMAN DOTSON, dissenting in part.

I would hold a hearing on Objection 3 concerning alleged intimidation, harassment, and threats.

¹ Absent exceptions, we adopt pro forms the Regional Director's recommendations that Objections 1 and 2 be overruled.
